

SUSQUEHANNA RIVER BASIN COMMISSION ADVERTISEMENT FOR RFQ RELEASE

The Susquehanna River Basin Commission (SRBC) is seeking a contractor to provide professional engineering services through execution of a task order contract. SRBC will release a Request for Qualifications via PennBid (<https://pennbid.procurement.com/home>) on February 6, 2023. Proposals must be submitted no later than March 17, 2023 at 4 PM EST.

The SRBC seeks to procure outside engineering services from firms who have experience in one or more of the following:

- mine reclamation design - projects may include in-situ systems, cap and cover, or passive and active treatment systems
- stormwater design - projects may include conveyance systems, infiltration facilities, innovative projects, and traditional retention/detention systems
- floodplain management – projects may include flood risk management, flood warning system design and/or floodplain design
- construction management - projects which included management of schedule, cost, quality and scope

Task order contract(s) will be for an initial period of three (3) years, with the option of two annual one (1) year extensions, for a maximum of five (5) years.
